

2 January 2019

Dear Parent/Carer

Year 12 Mocks – Monday 14 January to Friday 25 January

A copy of the Year 12 Mock Timetable is attached. If your son/daughter is unsure of which subject relates to which block they need to check their timetables.

Some examinations may go beyond the normal school day and therefore travel arrangements may need to be arranged.

Only subjects listed below will have an exam during this period. Art, 3D Design and Photography exams will take place in the classrooms, whilst all others will take place in Exam Rooms. Please note that your son/daughter should follow their normal timetable if they are not involved in examinations.

We hope that you will encourage your child to prepare for their examinations. Staff will also be working with students on examination preparation.

Please note that students are expected to provide their own stationery during this period; black pen, HB pencil, pencil sharpener, rubbers, highlighters and ruler.

We will provide a scientific calculator, tracing paper, compass and protractors. All equipment will need to be in a clear plastic case/wallet that is free from any writing.

Students are allowed to bring a bottle of water or squash only, which needs to be in a clear bottle free from labels.

Students are reminded that mobile phones, smart watches and any loose paper/sweet wrappers etc. are forbidden and need to be handed in at the start of the exam, left in lockers or left at home during the exam period.

Students are reminded that they are under examination regulations as soon as they walk into the exam room, and are not to communicate with, or disturb other candidates once the exam has started.

Please contact Miss Towes (Exams Officer) exams@stroodacademy.org at the Academy if you have any queries.

Yours sincerely

Mr G Cook
Vice Principal
